With the ReSound phone clip, you can finally make calls to a noisy train station or while driving a car with your mobile phone. The ReSound phone clip transmits the call in interference-free sound directly to your wireless hearing aids from ReSound. No matter where you are right now. So you and your conversation partner can comfortably have a conversation, even in environments with lots of background noise. The Phone Clip + from the Unite Accessories program from Resound is a handy Bluetooth receiver that converts the signal from your phone and transmits it directly to your hearing aids. With a range of about one meter, you can easily carry the phone in your pocket and wear the clip, for example, on the lapels. The coupling with the phone clip is only necessary once, then the clip automatically connects to your mobile phone, which must be capable of Bluetooth. If a call comes in, you can answer it on the clip by pressing a button and immediately hear your call partner on your hearing instruments. The built-in microphone makes it a simple and solid speakerphone. The Unite phone clip + can also be linked to other Bluetooth-enabled audio sources. You could connect it to your tablet or PC and listen to music or YouTube videos instantly from your hearing instruments. A volume control also gives you the ability to regulate the ringing strength at any time. When you are not on the phone, the Phone Clip + works as a simple remote control for wireless ReSound hearing aids. The individual programs in your devices can be selected or the volume can be changed. 1x GN ReSound Unite phone clip + 1x charging cable 1x user manual The Unite Phone Clip + can be used with the following ReSound hearing systems: ReSound Linx ReSound Enzo ReSound Alera 9 (with wireless function) ReSound Alera 7 (with wireless function) ReSound Alera 5 (with wireless function) ReSound Verso 9 (with remote control function) ReSound Verso 7 (with remote control function) ReSound Enya (Model 3 and 4) Hearing aids Hearing loss For relatives About tinnitus Support & care About ReSound Manufacturer: ReSound Category of Device: Adapter, Cell Phone Accessories Document: Getting Started, File Type: PDF Count of Pages: 2 Download Phone Clip+ Manual (2 pages) A B Charge Your ReSound Phone Clip Pair with Your Hearing Instrument GETTING STARTED (Quick Guide) ReSound Phone Clip Before you can use your ReSound Phone Clip it is necessary to: A.
